

Full Ignition Panel Parts List

Rev 2.3

<u>Qty</u>	<u>Description</u>	<u>Source</u>
1	Panel Overlay	Front Panel Express
2	MS35058-22 Toggle Switch	Various Suppliers
3	Switch Guards	Perihelion Designs

Re-uses existing mic jack, headphone jack, master switch, starter switch.

Perihelion Designs is at <http://www.periheliondesign.com/switchguards.htm>

They don't list a part number, but either the plain steel or the stainless steel hoop design on 1" centers will work.

Front Panel Express is at <https://shop.frontpanelexpress.com/index.php#Shop>

There are two fpd files – one is for airplanes with an Electroair Ignition System installed. The text engraving complies with the labeling requirements of the Electroair STC. The other fpd file is for airplanes which retain their original magnetos, or for use with a Surefly Electronic Ignition.

Upload only one of the chosen fpd files, then follow the instructions to order.

The toggle switches can be ordered from any number of your favorite aircraft parts stores.
